

# APS Tutorial on Careers in Industry and Government March 2010

Stefan Zollner, IBM (large companies)

Alex Panchula, First Solar (start-ups)

Larry Woolf, General Atomics (defense & large companies)

David Seiler, NIST (gov't labs)

Kate Kirby, APS

Jeanette Roberts, Intel

Candi Cook, Intel

Ernesto Marinero, Hitachi

Janet Tate, Oregon State University, moderator

# Organization

- 70 participants; 8-9 per round table + 1 “expert” who will rotate.
- Table assignments posted by name and by table  
(bottom line: don’t sit at a table with people you know!)
- Each mini-session is
  - (i) a lecture from a presenter on some aspect of the topic (25 min)
  - (ii) a table discussion amongst yourselves with help from the “expert” to pose questions to the presenter (10+10 min)
  - (iii) questions to the presenter from the table spokesperson (who should change each time).

# Format

- Janet Tate, Intro remarks 1:30 – 1:35
- Kate Kirby, Statistics, role of APS in career networking 1:35 – 2:15  
Table discussion & questions
- Larry Woolf, Defense contractors 2:15 – 3:00  
Table discussion & questions
- Alex Panchula, Small companies and start-ups 3:00 – 3:45  
Table discussion & questions
- 3:45 – 4:00: break
- David Seiler, Government Labs 4:00 – 4:45  
Table discussion & questions
- Candi Cook for Stefan Zollner, Large Companies 4:45 – 5:30  
Table discussion & questions
- Wrap up – general discussion, further networking opportunities
